

PERFORMANCE DATA SHEET

67262 WaterBasics™ Emergency Water Storage Kit 30 Gal w/ RED Line Filter

General Use Information

The WaterBasics Water Storage Kit with RED Line Filter is designed to provide reliable water storage and delivery in a convenient collapsible system that can be stored efficiently when not in use and deployed rapidly as needed. The RED Line Series II Filter provides biological protection from cysts, bacteria and viruses. The system can be used with or without the RED Line Filter but all health claims pertain only to the complete system with the RED Line Filter correctly installed per the User Manual.

Important Safety Information

CAUTION - Keep away from small children. The tank liner film may cling to nose and mouth and prevent breathing

CAUTION - Pump and hose kit contain small parts. Keep away from Children.

CAUTION - Only fill with water. Overfilling may result in damage to liner, tank or surrounding items. Never leave unattended while filling.

CAUTION - Do not connect pump directly to a pressurized water source, such as an inside or outside faucet. Incorrect use may result in damage or injury.

WARNING - Even though all of the water is enclosed within the liner, Children can fall into storage container. Keep liner capped, tank closed and straps clipped when filled with water to prevent injury or drowning.

General Maintenance

FILTER STORAGE - Filter may be stored wet for short periods of time. (<30 days) For long term storage (>30 days), Remove filter from Pump, remove excess water and allow to dry for a minimum of 48 hours. Store in a cool dry location. Do not store used filter in a sealed container. Do not freeze filter or expose filter to extreme temperatures.

TANK AND LINER STORAGE - Store tank and liner in original container if possible, away from direct sunlight and extreme temperatures.

PUMP, HOSE, AND FITTINGS STORAGE - Remove residual water, allow to air dry.

Replacement Parts

67259 WaterBasics Replacement Filter (RED-II-120)

67254 WaterBasics Replacement Filter (GRN-II-80) (Not Included)

67276 WaterBasics Emergency Pump and Hose Kit

Warranty and Disclaimer

Aquamira Technologies, Inc. (Aquamira) warrants all products to be free from defects in workmanship and materials for one year from the date of purchase by the consumer, or for the duration of the imprinted self life. Filter clogging or normal wear is not a defect. If you are not satisfied with the performance of an Aquamira product, Aquamira will repair or replace the product.

Aquamira hereby excludes any expressed or implied warranties of fitness for a particular purpose. The following is made in lieu of any such warranties: This information and specifications supplied by Aquamira are based on industry standards and are tested using standard laboratory test conditions which are accepted in the industry to be reliable, but Aquamira does not guarantee that any result shown or claimed will be obtained. Before using any Aquamira product, the user shall determine the suitability and the fitness of the products for their intended use. The effectiveness of Aquamira products may be limited by environmental or hygienic conditions, such as use with contaminated hands, recontamination after filtration or treatment, failure to maintain a sterile mouthpiece or downstream equipment, sharing with multiple users, exposure to extreme environmental conditions such as heat, freezing, severe shock such as drops or other impact that may damage the integrity of filters, seals or connections. The user assumes all risk and liability in connection with its own tests and use. Aquamira shall not be liable for any injury, loss or damage, direct or consequential, resulting by or from the use, misuse, or inability to use Aquamira products.

While testing was performed under standard laboratory conditions, actual performance may vary.

Product Data and Dimensions

DIMENSIONS	21 x 21 x 21 inches
VOLUME	30 gal (114 L)
DRY WEIGHT	12.2 lbs (5528 g)
WET WEIGHT	260 lbs (1180 g)
FLOW RATE	.05 - .21 gpm (200 - 500 ml/min)
SERVICE LIFE (FILTER)	30 gal (113.562 L)
OP. TEMPS	35 - 120°F (1.6 - 49°C)
OP. PRESSURE (FILTER)	3psi (20.6844kPa)

Recommended Use Conditions

Use best water source available, quality of the source water may vary, use only Aquamira RED Line or GRN Line Series II filters. Use only Aquamira RED Line Series II filters if biological quality of source water is uncertain.

Assembled in US of US & Global Components. Filter made in the USA.

EPA Est. No 71766-UT-001

Certifications

Certified by IAPMO R&T to NSF/ANSI 53 for cyst reduction and NSF/ANSI 372 for lead free content. Certified to US EPA Microbiological Purifier test standard for the reduction of cysts, bacteria and viruses.

Performance Specifications

RED LINE | VIRUS PROTECTION

Virus Removal	≥99.99%
Bacteria Removal	≥99.9999%
